JLO's Report

The Juniors had discussed five different venues for next year which will be up for discussion at their next meeting. This will make the future event run a lot smoother. As soon as the Juniors have decided on their Venue for 2010 – raise leaflet for Noticeboards and Website with details.

PRO Report

CC Magazine format change now requires nearest large town to Rally to be advised.

CC Magazine have advised that they will only provide a small write up of the Charity Pink event in the magazine – no photo.

Website

A few changes had been made to the website, a couple of buttons have been moved on the screen, so take care when you click in the boxes, they are not where they used to be.

The Chairman's Blog for November will be forwarded in the next few days.

Simon will be populating Rally Write Ups on Website very soon.

Rally Book 2010

The Chairman reported that the production of the Rally Book was going very well and we are heading for an 'enveloping and labeling' marathon at the December meeting. Very well done to Nige Riley and all those that have put in their efforts to put the deficiencies to bed.

Generators on the Rally Field

The Chairman advises that he does not intend to pursue change to the existing rule at this time. Consideration of others and common sense and decency should be adhered to at all times. Members should see the Rally Officers if there is a battery problem – generators running for hours on end on a weekend rally are not acceptable.

The Committee agreed that the situation should be monitored over the coming season before considering any action, if necessary.
