### **Chairman's Report**

The Chairman reported that the end of June saw the second Family Link-Up take place at Clifton Rugby Club, hosted by the Avon Centre. The event went extremely well and he would like to thank those that attended with him and supported the Centre. The Chairman advised that he was not encouraged by the lack of Wiltshire juniors at this event, the grand total of 2 teenagers in fact, and he may need some proof that families actually wish to partake of activities provided before he or the Committee expend any more efforts in this area.

In conjunction with the Committee, he stated that he had formulated an Exemption to CRB Checks and produced supporting Parental Consent Forms to promote and encourage Rally Officers and members to include children into future Centre Events on the Rally Field.

The Chairman advised that action is required into Risk Assessments of Rally venues in compliance with Caravan Club requirements and specifically safe spacing of caravans.
