

To Rally Officers Old & New

Over the years there have been a lot of items of Rally Equipment (Catering Equipment, Scene Setters, Social Props, Etc.) Purchased by rally officers out of social fees which were charged to the ralliers, these items are Wiltshire Centre Rally Equipment.

With this in mind due to the ever increasing costs to ralliers re-using this equipment may make a few pound difference off the cost of a rally.

What i would like to do with your help is to make a list of all available equipment so rally officers can ask me if there is suitable equipment for their rally theme.

It is hoped that all equipment will be organised by the Rally Equipment Officer this is to eliminate rally officers contacting members directly.

Your help in this will be greatly appreciated

Please contact me Andy Harrison with equipment you are holding so i am able to compile a list in order to enable us all to start saving.
